ly hurt. He had started to cross the track just as the races were on the horses run into him, knocking him down. He was picked up more dead than alive and brought to the city, where kind hands have been treating him.

## A LOOK

### Into the Future of What Barbourville Might Expect.

Provided Proper Efforts Were Put Forth.

We have from time to time suggested improvements for our town and urged upon the citizens the importance of grasping the opportunity that is now knocking at the door and admit it before it takes its departure forever.

We have flowing by us the beautiful Cumberland river, and when we look upon it we can but wonder how the older citizens here have neglected to see and comprehend the vast opportunities that lie in it alone. If it was properly harnessed it would furnish power to drive the wheels of machinery to employ hundreds of laborers, besides it is abundantly able to supply all the water facilities for our town, and would do its own pumping to supply a reservoir, if only hitched in the harness. This is not all. It would furnish power to generate electricity sufficient to drive electric cars through all our streets, and illuminate all our homes and business houses.

Can we afford to allow this to go on unceasingly and not make some effort to utilize this natural resource that lies at our door?

Some will say that coal is expensive, and that steam is too expensive to operate factories here. Then why not make use of this natural power that is allowed to waste itself unused here every day?

Why not have a stove factory here? The timber is cut and shipped away from here, where it is worked into casks and barrels. The coal is dug from our mountains is dug and shipped away and consumed in driving machine to work up the stove timber after it is shipped out to the North.

Now, why not have this work all done here? We produce both the timber and the coal, and besides, as we have stated, we could save the price of the coal by harnessing the Cumberland river.

We have a splendid location for wagon works, and in fact, many other plants that could be operated to an advantage here. There is no better building site for a city in Kentucky than Barbourville affords, and with proper inducements to the right persons, it can be developed into a manufacturing city second to none in the State.

We need more railroads, and we can get them just so soon as the business and thrift of the town will demand it.

Now, here is a great work for our Commercial Club, and we hope to see these points taken up and capitalists interested in the future of our county.

Let every one who has the interest of our county or city at heart, show it by enlisting with our Commercial Club, and all lay hold and pull for these improvements and we will surely get them.

Let's have the eyes of the outside world all turned toward Barbourville.

## SECOND

### Invasion of Red Men in Our Peaceful City.

Large Tribe of Pineville Chiefs and Warriors Invade our Town and Take Six Pale Face Prisoners Who, Rather than Suffer the Torture of the Steak, Consent to Become Red Men.

Last Tuesday evening a large tribe of Red Men from Pineville came down to visit Tchopatoulas Tribe No. 111, and brought with them their Degree team and paraphernalia to put the work on right.

There were six candidates present to receive the work, and a large assembly of the home lodge were present to witness the proceedings. Those who received the work and became Red Men were Judge James S. Miller, H. C. Hoskins, M. G. Dizney, T. G. Collett, A. G. Bolton, John Dixon.

The visiting members were as follows: J. Ed Samuels, Rice Johnson, J. F. King, John Green, Ben H. Goodin, John G. Howard, J. W. Rawlings, G. C. Bailley, H. L. Hendrickson, J. Claud Shy, C. B. Hickey, T. J. Brown, O. J. Jones, W. M. Brown, Ewell Jones, J. G. Rawlings, W. B. Dozier, L. N. Green, G. V. Price, C. L. Browning, Wm. Galloway, W. N. Breeding, Baird Robinett, Theodore Candy, W. M. Asher, I. L. Kidd, A. J. Alley, Grover Rice, T. J. Payne.

The work was put on by the visiting tribe to the entire satisfaction of all present, and a very delightful time was had by all. This order is growing rapidly throughout the State, and our town is not behind in this respect, as we have fourteen more applications awaiting to take the work.

In a short time Tchopatoulas tribe will have her new uniform and then we will be ready for dress parade.

Those thinking of joining the Order should get their application in at once, as the charter limit will soon be out, and then it will cost much more to become a member.

#### OFF FOR ST. LOUIS.

The local company of State Guards, under command of Capt. E. B. Dishman, takes its departure Sunday for St. Louis, where it goes into camp for two weeks. The boys have been drilling with much vigor and have been brought up to a high degree of efficiency.

#### WEDDING BELLS.

FOLEY—THOMPSON—At the Riley house in this city, last Thursday, Mr. J. P. Foley, of near Lancaster, and Miss Eliza Thompson, of this county, were united in marriage by Dr. G. N. Jolly.

JONES—DIZNEY—At the Hotel Knox last Thursday, Mr. W. N. Jones and Miss Maggie Dizney, were united in marriage by Dr. G. N. Jolly. Mr. Jones has recently returned from the Philippines, where he has been for the past six years. Miss Dizney is one of the county's accomplished young ladies, of near Gray's.

### Teachers' Association.

The Knox County Teachers' Association will be held as follows:

Magisterial District No. 1.—Artemus—Second Saturday in September.

Magisterial District No. 2.—Old Flat Lick—Third Saturday in October.

Magisterial District No. 3.—Hopper—Fourth Saturday in September.

Magisterial District No. 4.—Gray's—Fourth Saturday in August.

Magisterial District No. 5.—Coalport—Third Saturday in September.

Nice programs will be carried out by the teachers. Good dinners will be furnished and splendid times are guaranteed.

Teachers should attend as many of these meetings as possible. Everybody invited.

## Two Bluegrass Farms FOR SALE.

I have in my hands for sale the following farms in Madison county: The two farms of Mrs. J. W. Smith, the first known as the Hugely place and containing about 270 acres.

This place is well fenced, well watered and is in good condition in every way, having thereon a dwelling and all necessary outbuildings, one large barn and several small ones, large young orchard, cistern and everything that goes to make a comfortable home. Fifty acres in cultivation, the rest in blue grass.

The second, known as the Carr place, adjoins tract No. 1, and contains about 488 acres; residence, good fencing, cistern, barn, orchard, and is well watered; 100 acres in cultivation, and the rest in blue grass. Both of these farms are on turnpikes, and are within half a mile of school-house, and 1-2 miles from church and postoffice. This is first-class land, in a good community, and is a money maker to the one who buys it.

For further particulars call on or address L. P. EVANS, sept. 9 nov. 15. Richmond, Ky.

High grade flour per bl. 5.60 to	6.40
A good lot of men's and boys'	
clothing at cost.....	
Boys' suits 60 cents and up...	

L. H. JARVIS.

## IMPROVED SITUATION

### INDICATED IN OIL FIELDS. Plans Under Headway for a Great Deal of work.

The indications are that there will be a resume of former activity in the Knox county oil fields during the next few weeks, as several of the older concerns have already renewed work and new concerns are coming in.

During the past few days several deals have been made in leases and a few rigs have been located. An advance of three cents in the price of crude last week leads operators to believe that better prices will prevail from now on and will stimulate efforts to get a better production. The present selling price of Barbourville oil is 98 cents per barrel.

The old Wages farm, developed by the Atlantic & Pacific Oil Company several years ago has been purchased by the Ken-Vermont Oil Company and the old wells are being drilled deeper into the Jones sand. When No. 1 well was opened a considerable amount of Wages oil was bailed out. All six wells on this tract will be drilled deeper.

Among other new work the Bluegrass Oil Company has moved a rig on the Barnes lease and the four wells on that tract will be drilled deeper. The S. H. Jones wells belonging to this concern are furnishing a fair amount of oil, being the oldest in the field. More wells will be drilled on that tract.

The Richland Oil Company has purchased the Swan Lake lease and is now operating a machine on that tract. The Hammonds well of this concern have been shot, cleaned out, and are showing up with excellent results.

The Richlands people have also bought the lease of the Badger Oil Company and will drill that tract in the near future.

The Great Northern Oil Company which has done a great deal of work on the Epperson lease, finished up a well a few days ago. At 600 feet a hue showing of oil was obtained, which filled up the hole 300 feet. More drilling will be done by this company.

Ohio Capitalists have purchased the J. R. Payne lease from the Bar-

bourville and Cumberland Valley Oil & Gas Company and have located a rig preparatory to drilling. A large number of wells have been drilled on that tract.

The power on the Miller lease has been started up again and the Miller wells of the Bluegrass Oil Company are now being operated.

### Country Printing.

Bro. Albrecht, of the Middlesboro News, hits the nail on the head in the head in the following paragraph:

"The News is in receipt of the catalogue of the first exhibition of the Wayne County Fair. The catalogue is side stitched on a common sewing machine, the trimming is crooked, the paper and ink used are both low grade and the register of pages is very bad. Altogether a pretty bum if it bore the imprint of a big office, for instance. But considering the size of the town of Monticello, the manifest disadvantages under which the printers labored, and the Wayne County Outlook have no reason at all to be ashamed of the job. And the officers of the fair are to be commended for sticking to their home office, and this is where they are a peg ahead of some fairs of which we know. If these people had decided that their local office could not put out a good a job as they wanted, then it would have been all right to go abroad but to send the work away on account of a few dollars in price, and take as poor or even poorer work, as has been done this year by some fairs, should properly make the home office sore."

This might apply well to the Knox County Association, who, for the sake of ten cents, but out as bum a catalogue as we ever looked through.

### ANNOUNCEMENT.

TO VOTERS OF THE ELEVENTH DISTRICT. I was nominated by the Democratic Convention at Somerset, August 26th, to be voted for November 8th, for Representative of the Eleventh district in Congress. If elected I will owe the honor to the voters of Republicans and Independents as well as Democrats, and I will, in that event, pledge myself to be the official representative of all the people composing this great district. Geo. E. STONE. Monticello, Wayne county.

WANTED—Quickly, few persons to represent long established wholesale house among retail merchants and agents. Local territory of few counties. \$18 salary and expenses paid weekly. Expense money advanced. Commission extra. Permanent engagement. Business successful. Previous experience not essential. Enclose self addressed envelop. Address, SUPERINTENDENT TRAVELERS, 225 Dearborn St., Chicago.

## THE FAIR

### PROVES A GREAT SUCCESS.

Ex-Gov. Bradley Delivered Stirring Address on Closing Day.

The fair this year, as in all the past, was a great success. The company had gone to considerable expense to re-cover the entire amphitheatre and build a new dining-room and painted the buildings and had everything in tip-top shape for the meeting.

The first day the attendance was good for the opening, but the second day they came by the thousands and the grounds was a surging mass of people.

The rain on Thursday did not interfere with the fair, but was gladly welcomed, as it settled the dust and made it much more agreeable for the following day.

Friday was Bradley Day, and an immense crowd gathered to hear Kentucky's distinguished statesman.

Promptly at 1 o'clock the carriage containing the Governor and party arrived on the grounds and were met at the entrance by brass band and escorted to the platform. As soon as the party were seated and quiet was restored, Col. John G. Matthews, in a splendid speech, introduced to the vast audience the distinguished ex-Governor, William O. Bradley.

The governor was never in better physical condition, and he spoke with such ease, and his words seemed to fall upon the attentive ears, and he was cheered many times during his address. He confined himself almost entirely to National politics, and showed many reasons why the Republicans should be retained in power. His speech was well received by the vast audience, and will no doubt make votes here for the National ticket.

There were a number of rings to be shown after the address, and the Association proceeded with the exhibition of the various rings.

The only thing to mar the pleasure of the meeting from start to finish was on Thursday afternoon when little Combs was run down on the track by a horse and seriously, if not fatal-
